## Objective

---

Recent B.Tech graduate driven by passion for web development, ready to build responsive web applications and grow professionally in a supportive team.

## Skills

---

- Language- C and java
- Web Technologies- HTML , CSS Javascript, React
- Tools and IDEs- VS Code , Eclipse Java Editor

## Projects

---

- **Minor Project / To-do list**  
Developed a responsive To-Do List app with HTML, CSS, and JavaScript to manage tasks interactively. This project helped me improve my skills in structuring UI, styling components, and implementing dynamic behavior using JavaScript.
- **Major Project/ E- Commerce Online website**  
I specialize in developing the front-end layout and design of responsive e-commerce websites using HTML and CSS. My role focuses on creating visually appealing, user-friendly interfaces that adapt seamlessly across all devices, including desktops, tablets, and smartphones.

## Languages

---

- Hindi
- English
